CONCRETE PRODUCTS LTD.

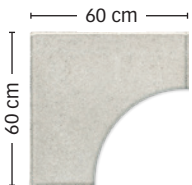

INTRODUCING OUR NEW Campfire Stone

Metal **Campfire Surround** sold separately, not exactly as shown. "Riggs" not included.

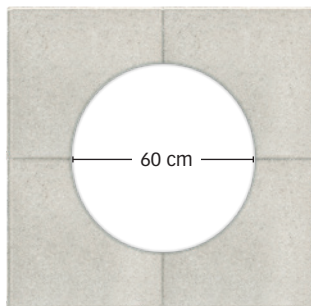

Your next staycation couldn't be easier. We're excited to introduce one of the simplest, least expensive ways to create your very own great looking fire pit – **Campfire Stone**. It is much cheaper than a camper van and requires about as much labour as pitching a tent. Whether you have your own metal surround, or choose to purchase our **Campfire Surround**, we think you'll agree that this is one of the best looking, easy to assemble fire pits out there. Grab the kids, call your neighbours, bring your marshmallows and weenies – summer and fall nights just got a whole lot better at your home.

Expand your fire pit with these Triple H products

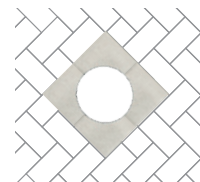

60 x 40 cm slabs such as Builder Slab or Terra Stone make it easy to expand your space.

Add 12 or more 60 x 60 cm slabs and you have a patio of almost 8 ft square.

Use Handy Pavers to enlarge your firepit area to any size that you'd like.

Holland Pavers create a cool seating area.
